Mission

Erie Arts & Culture mission is to strengthen the vibrancy and vitality of the Erie Region and enrich the lives of our people through the advancement of arts and culture.

Erie Arts & Culture

FY 17-18

During FY 17-18, EAC made the announcement that it would take over the production of the annual Erie Blues & Jazz Festival, which celebrated its 25th anniversary. This free, family friendly event served **25,000+ residents** from the region. This three day festival includes a mix of live music, performance art, spectacle, and workshops. This event was originally produced by the Erie Art Museum. When experiencing a leadership change, the museum decided that the festival was not within its mission as an organization. EAC made a commitment to the community to sustain the festival through 2020 as it goes through the transition of becoming a separate non-profit organization.

EAC sponsored the WQLN Radio Arts & Culture Calendar, broadcasted by Erie's NPR affiliate station. This one-minute radio spot is on air 30 times per week throughout the entire year. It reaches 30,000+ listeners and promotes regional cultural events and activities. EAC also promotes cultural events through its comprehensive online calendar and weekly newsletter.

EAC sponsored the Erie Metropolitan Transit Authority Cultural Loop. Through this initiative, a free trolley service operates every 15 minutes on Saturday evenings from 5pm until midnight along a dedicated route set apart from EMTA's regularly scheduled line. The service provides door-to-door transportation to and from cultural venues and complementary Downtown businesses.
